

Primary Care Provider Needed in Ukraine

December 10, 2012

I forgot to put a very important request in my prayer update last week! I need a primary care provider next spring. God has called 3 dentists to do two weeks of clinics in villages around Odessa and Kharkov. My FNP colleague Holly Friesen will be on furlough. I cannot handle the hoards of medical patients alone!

Who?

A family physician, internist, ER doctor, or an experienced FNP or PA, who is a faithful follower of Jesus Christ. You will need to fill out an application, if this is your first trip with me.

When?

April 11-28, 2013, including travel

The actual clinics will be Monday-Friday, April 15-19 & 22-26.

If you cannot come for the entire two weeks, you could come for just one week.

Why?

“Jesus went about all the...villages, teaching..., preaching..., and healing ...

But when he saw the multitudes, he was moved with compassion on them.”

(Matt 9:35-36)

Do you know someone you could recommend? Could **YOU** help? Please contact me soon.

Please pray for this critical need!

Leaning on The Rock,

Miriam
